Wendy Li

Proposal for custom lab:

For the custom lab I decided to do the Jukebox project.ss

Specs for Jukebox Project
        LCD Screen in start mode
        User presses button to select Song
        LCD Screen must display song being played
        User may press stop button to stop song
        Bonus: Visual Feature that reacts to song being played
